ZONING PERMIT INFORMATION

1. Zoning Permits are used as a control and monitoring device of the Zoning Ordinance for the purpose of regulating land use and development within the Township and promoting the general welfare and safety of its residents.
2. A Zoning Permit must be secured PRIOR to construction of a structure that requires one (Section 602 - Zoning Ordinance). Failure to obtain a required permit is a violation of the Ordinance and can result in fines and penalties under Section 606 and 607.
3. All Zoning Permits are issued by the Zoning Officer. An application and other appropriate forms made available by the Zoning Officer must be completed, reviewed and approved before a zoning permit can be issued. Upon request a denial permit can be issued if a zoning application does not meet the necessary requirements.
4. It is essential that the Zoning Officer be notified PRIOR TO THE START OF CONSTRUCTION to verify setback distances and to examine the construction site with regard to building size, location, access, and other applicable matters. Failure to adhere strictly to this procedure could lead to unnecessary delays or more serious problems in the event that a structure is located incorrectly on the site.
5. Upon completion of an approved structure the Zoning Officer must be contacted to perform a final inspection. If all requirements are met a Certificate of Occupancy or Use is then issued.
6. A Zoning Permit for any structure that requires a septic system, water or traffic access will not be issued until an approved permit for any of these essential items is issued by DER, Penn DOT or Scott Township.
7. Permits are issued for a one-year period and expire if the structure is not started within that time. If additional time is required to complete a structure that has been started within that time. If additional time is required to complete a structure that has been started but not completed within the one-year period, extensions of up to three years can be granted for good cause. A new permit must be issued if the original is allowed to expire. A second fee will also be levied.
