WORK SESSION 9/14/10 DRAFT

Mr. Karam asked if Karen was working of the edu list and it has not been started because she needs to contact Mr. Karam to discuss this. There are some residents who claim they will not be hooked up that are on the list. There are some owners who have not been located. Mr. Giannetta noted that the Friedberg property must be hooked up and Mr. Karam will take care of them hooking all their houses on the property up. Mr. Karam noted an exception on Layton Road where there are two three unit homes the property up. Mr. Stracham Jr. noted that Friedbergs now have eight homes with seven or eight bathrooms in each home on that one parcel.

Chairman Michael Giannetta closed the work session at 6:50 p.m.

Respectfully submitted,

Karen Cecchini, Secretary

John Schlasta made a motion to accept the Treasurers report, seconded by Michael Giannetta. Motion passed unanimously.

John Schlasta reported that according to Gary Wilding the meter pits will be completed by October 15, Committee Report: 2010 and there was a 450,000/gal water loss.

Legal report: John Schlasta asked if all easements have been taken care of that are in his hands. He has three to sign tonight. Michael Giannetta asked what the status of the Washko easement was. Attorney Tomaine is working on it at this time.

Mr. Karam noted that Dave Kavitsky will go over what work has been completed. Pioneer is coming Engineer's Report: up from the Windsor and will have the ok to do that section. There is a creek crossing and they have done their test pits for the two high pressure gas lines that are there. The sewer line will go under the gas lines. He has spoken to Bob Krechmer of Pa Dot regarding the detour to allow the crews to work on Rt. 107 because of the uncertain location of existing utilities and allow installation of man holes. Length of time and work schedule need to be coordinated after PaDot reviews the requested detour and approves same. TSE is making good progress down Rushbrook Road from the School. Mr. Karam noted that the lines can be tested fairly soon.

Quite a bit of the project is complete at about 70% and will most likely not be completed by the October date. Mr. Karam noted that Route 107 is a drawback and is at about 20%. Hook-up will be late spring early summer. John Schlasta asked about Pioneer's progress and in response by Mr. Kavitsky, they still have some laterals to

Michael Giannetta asked when the restoration will take place. Mr. Karam noted that there is some taking place on Rt. 247 with the driveways.

Mr. Stracham asked if there was money in the contract for restoration. Mr. Karam noted that the restoration price was calculated in the unit price. Mr. Stracham is concerned as a taxpayer who does not want tax money to pay for it.

Mr. Karam announced that the next E-ONE class will be held in the evening on October 14, 2010 at the municipal building.

John Schlasta asked about TSE contract 4A wanted to know if there was money left for in the contract for them

to complete Rt. 347. Mr. Karam explained that there is no money left in the contract but there is money in the contingency fund due to some additional footage and an under estimate of the project. Mr. Karam noted this should be taken care of with the additional money. Mr. Karam spoke with Mr. Wicks who contacted Rep. Carney's office and happy to report that the request was sent in and marked high priority. Mr. Stracham asked how many additional lineal feet does TSE need on Rt. 347 to tie into the system. It is estimated at one quarter mile. Mr. Stracham further noted that he has seen sewer pipe lying around and believes it should be better taken care of or removed from the area.

Mr. Stracham Jr. questioned not hooking the Mark house onto the system. In response to this it is where the project was marked to go and he cannot run the line until instructed to do so. Michael Giannetta believes that when the project was reviewed DEP refused to extend the project and in fact cut some areas that were on the original plan. Michael Giannetta noted that the bids are out and there is no money in this project to do any expansion. William White noted that it was not in the project.

Mr. Stracham asked how much money is left in the contingency fund which may allow some expansion. He believes the board should know where the project is financially. Mr. Karam will provide a breakdown at the next month's meeting. William White asked for at least an accounting of the contingency (\$750,000.00) fund.

Michael Giannetta asked for the status of the Tellip easement. Attorney Tomaine noted that everything has been filed

Old Business:

1. Ease Diagnostics' status - A complete updated bill needs to be done.

2. Public records Policy and compliance. John has key and will move in. Attorney Tomaine

3. Meter pits – Gary Wilding continues to work on this project. Will be in by Oct 15th.

4. Newsletter. Dave Kavitsky working on it. He will e-mail it to us. Mike and Karen will

5. Audit 2009 Audit. Chairman Giannetta made a motion to rescind the August motion to award the audit preparation to Murphy Dougherty for \$2,400. Seconded by Gerald Skwish All voting yes. Gerald Skwish made a motion to award 2009 Audit for \$7,800.00 to Murphy Dougherty. Seconded by John Schlasta all voting yes.

6. Set a fee for a vacant lot to install lateral curb stop and pig tale if the contractor is past the house. This needs to include a cost for the grinder pump. William White posed the scenario if someone wants to hook up two years from now. Mr. Karam said that it is difficult to determine right now. The cost will be borne by the individual that wants to make the connection. This fee needs to be set at a later date taking into consideration make the confidence. This lee heeds to be set at a later date and a confidence of the HOP's and actual costs at that time. Mr. Karam will give us numbers. Mr. Tomaine suggested a comprehensive rate resolution should be adopted very soon. Mr. Karam noted that a study needs to be done to determine how many connections we have. Karen is working on a list of actual hook-ups. Who would issue the sewer permit. Need work working on a list of actual hook-ups. This store Ralph Delprete sent a letter for an session to discuss and brainstorm on this issue. Ralph Delprete sent a letter for an additional sewer lateral in Stein's Grove. Michael Giannetta said we should come up with a figure for new hook-up that are outside of the sewer area. It will obviously be more money for this and he asked Mr. Karam to work on this.

Public Comment:

Ms. Gima asked many grinder pumps will be needed for the two apartments on either side of her. Mr. Karam said that they will be charged 1 edu per dwelling unit.

Ms. Gima following up on the repairs promised last month in front of 5 Hilltop Drive. Mr. Karam believed this was done and thanked her for reminding him. She also wanted to know if Fieldstone Drive that Mr. Schlasta brought to their attention last month was addressed.

Ms. Gima wanted to know life expectancy of the grinder pumps and if another one is necessary who will pay for it. The Authority will bear the cost.

Chairman Giannetta asked everyone to spread the word to file an application for low to moderate income residents to obtain grant money to hook up. They are on line, in the office or here at the meeting. Other information will be required but they will let everyone know.

Michael Giannetta made a motion to adjourn seconded by George Hallesky. All voting yes. 8:14 p.m.

Respectfully submitted,

Karen Cecchini, Secretary
